INSTRUCTION TO INTENDING PARTICIPANTS

1. BACKGROUND

The Central Government assistance to States for rural water supply began in 1972 with the launch of Accelerated Rural Water Supply Programme. It was renamed as National Rural Drinking Water Programme (NRDWP) in 2009, which is a centrally sponsored scheme with fund sharing between the Centre and the States. Under NRDWP, one of the objectives was to “enable all households to have access to and use safe & adequate drinking water within premises to the extent possible”. It was proposed to achieve the goal by 2030, coinciding with the United Nation’s Sustainable Development Goals. But now, it is has been planned to achieve the goal by 2024 through Jal Jeevan Mission (JJM). At present, only 18.33% of rural households i.e., 3.27 Crore out of the total 17.87 Crore rural households in the country, have piped water connection.

Government of India has restructured and subsumed the ongoing National Rural Drinking Water Programme(NRDWP) into Jal Jeevan Mission (JJM) to provide Functional Household Tap Connection (FHTC) to every rural household i.e., Har Ghar Jal by 2024.

2. RURAL WATER SUPPLY SCENARIO IN ASSAM

The PHED in Assam has been implementing National Rural Drinking Water Programme since 2009 with major emphasis on ensuring sustainability of water availability in terms of potability, adequacy, convenience, affordability and equity, on a sustainable basis, while also adopting decentralized approach involving PRIs and community organizations. Assam PHED has also been implementing World Bank funded Rural Water Supply & Sanitation Project (RWSSP) which is planned to cover around 123000 rural household in the state through metered household connection and water will be supplied 24X7 @70 LPCD.

No. of Dist.	No. of Blocks	No. of GP/ MAC/VCDC	No. of Villages	No. of Habs	No. of rural Pop.	No. of rural Household
33	244	2693	25503	88076	296.25	57.92 Lac

Out of 88,076 no of habitations in the state 63% of the habitations are fully covered with water supply service with minimum 40 LPCD and above. 19% habitations are Fully Covered by 55 LPCD and above. 53% of the rural population are covered by spot sources followed by 32% of the population are fully covered by piped water schemes and around 14% partially covered by piped water supply scheme. At present there are 5951 no of functional piped water schemes in the state followed by around 1, 99,000 number of spot sources. In Assam only 2% of the rural households are connected with taped water connection which is one of the lowest compared to all India scenarios.

3. ABOUT JAL JEEVAN MISSION

Jal Jeevan Mission aims to provide Functional House Connection to every rural household with a minimum water supply service standard of 55 LPCD. The broad objectives of the Mission are

- i. to provide FHTC to every rural household;
- ii. to prioritize provision of FHTCs in quality affected areas, villages in drought prone and desert areas, Sansad Adarsh Gram Yojana (SAGY) villages, etc.;

- iii. to provide functional tap connection to Schools, Anganwadi centres, GP buildings, Health centres, wellness centres and community buildings;
- iv. to monitor functionality of tap connections;
- v. to promote and ensure voluntary ownership among local community by way of contribution in cash, kind and/ or labour and voluntary labour (shramdaan);
- vi. to assist in ensuring sustainability of water supply system, i.e. water source, water supply infrastructure, and funds for regular O&M;
- vii. to empower and develop human resource in the sector such that the demands of construction, plumbing, electrical, water quality management, water treatment, catchment protection, O&M, etc. are taken care of in short and long term; and
- viii. to bring awareness on various aspects and significance of safe drinking water and involvement of stakeholders in manner that make water everyone's business.

The following categories of schemes can be taken up under Jal Jeevan Mission

- i. Retrofitting of ongoing schemes taken up under erstwhile NRDWP for the last mile connectivity;
- ii. Retrofitting of completed rural water supply schemes to make it JJM compliant;
- iii. Single Village Scheme (SVS) in villages having adequate groundwater/ spring water/ local or surface water source of prescribed quality;
- iv. Single Village Scheme (SVS) in villages having adequate groundwater that needs treatment;
- v. Multi Village Scheme (MVS) with water grids/ regional water supply scheme; and
- vi. Mini solar power-based piped water supply in isolated/ tribal hamlets.

4. PURPOSE OF THE EOI

The objective of this assignment is to carry various construction works of Piped Water Supply Schemes in various districts of Assam under **Jal Jeevan Mission** to provide drinking water to the inhabitants through functional household tap connections. After the empanelment process is completed, the contractors will be empanelled for carrying out different construction works of Piped Water Supply Schemes on the basis of their offered rates through bidding process and their contract agreements signed against their respective District offices.

5. PERIOD OF EMPANELMENT

Eligible agencies will be empanelled for period of 1 year initially which may be extended further depending on the requirement under the Jal Jeevan Mission.

6. SECURITY DEPOSIT

6.1 A Security Deposit of Rs. 1,00,000.00 (Rupees One lakh Only), in the form of FD/Bank Guarantee/TDR pledged in favor of the Chief Engineer PHE Water Assam and payable at Guwahati which should be valid for a period of one year to be renewed for the entire period of empanelment/engagement period, must be submitted along with the Technical Proposal.

- (i) Proposals not accompanied by the Security Deposit shall be rejected as non-responsive.
- (ii) No interest shall be payable by the Employer for the sum deposited as earnest money deposit.

(iii) The Security Deposit of the unsuccessful bidders would be returned back within one month of signing of the contract.

6.2 The Security Deposit shall be forfeited by the Employer in the following events:

- (i) If Proposal is withdrawn during the validity period or during any extension agreed by the consultant thereof.
- (ii) If the Proposal is varied or modified in a manner not acceptable to the Employer after opening of Proposal during the validity period or any extension thereof.
- (iii) If the Bidder tries to influence the evaluation process.

7. PERFORMANCE BANK GUARANTEE

The Successful Bidders after signing the contract agreement shall be required to furnish Performance Security by way of an irrevocable Bank Guarantee, issued by a nationalized bank or a scheduled bank located in India in favour of the respective Executive Engineer (PHE) for an amount equal to 10% of the work order on signing of the contract, if and when awarded.

8. ELIGIBILITY CRITERIA FOR EMPANELMENT

8.1. The participants can either be a company, a partnership firm or a proprietorship firm. No Joint Venture or association is allowed. The following are the Minimum eligibility criteria -

- The bidder must have at least 5 years of experience in executing various construction/real estate works related to public utility. Proof in the form of Work Orders/Completion certificates is to be submitted.
- The bidder must be a Class-I or Class-II contractor in either of the Works Department of Govt. of Assam (except PHE Department).
- The applicant should submit a Solvency/Credit facility certificate from their Bank establishing the financial soundness of the bidder.
- The applicant must submit a CA certified certificate mentioning their annual turnover over the last three preceding years (i.e. 2016-17, 2017-18, 2018-19). The certificate must be CA certified.

8.2. The participants must not have, during the last three years, failed to perform on any agreement, as evidenced by imposition of a penalty by an arbitral or judicial authority or a judicial pronouncement or an arbitration award against the applicant, nor been expelled from any project or agreement nor have had any agreement terminated for breach of contract by such Applicant. **(A Notary attested declaration in this regard is required to be submitted)**

8.3. Even if a participant satisfies the above noted requirements, it is liable to be disqualified if it is found to have:

- a) Made a false representation in the form, statement and attachments required in the documents for this empanelment;
- b) A record of poor performance such as abandoning work, not properly completing contract, financial failures or delayed completion;
- c) Been convicted by any court of law.
- d) Must not have been blacklisted by any government/ semi government department in the last three years.

8.4 The Bidder should submit the following documents:

- Company/Firm Registration certificate in case of Registered Company/Firm, partnership deed with power of attorney in case of a partnership firm or proof of proprietorship firm.
- PAN Card of the Bidder.
- Copy of the GST registration Certificate
- CA certificate for Last three year turnover (i.e. 2016-17, 2017-18, 2018-19).
- List of clients served (Govt./ public sector/PSU/Autonomous institutions separately in the last Five years) with Contact name, address and mobile no., accompanied by relevant work orders/ pay orders/ client certificates and completion certificate.
- A declaration as mentioned in para 8.2

9. CLARIFICATION OF EOI DOCUMENTS

A prospective Bidder requiring any clarification of the EOI documents may submit their queries to the Chief Engineer (PHE), Water through hard copy or by email to asphe@rediffmail.com. Chief Engineer (PHE), Water will respond to any request for clarification as per the calendar of the event prior to the deadline for submission of EOIs.

10. AMENDMENT OF EOI DOCUMENTS

10.1 Before the deadline for submission of Bids the Chief Engineer (PHE), Water may modify the EOI documents by issuing addendum.

10.2 Any addendum thus issued shall be part of the EOI documents and shall be communicated through the JJM Assam portal jjmassam.in.

11. PREPARATION OF EOI DOCUMENTS:

11.1 Documents comprising the Bid:

11.1.1 The Bids comprises of two parts viz Pre qualification Document and Key Technical Submissions and shall contain the documents as follows

- a. Pre Qualification Document: The Bidder would provide all the information as per Clause 11.2 below. Chief Engineer (PHE), Water would evaluate only those Proposals who fulfills the pre qualification criteria
- b. Key Technical Submissions: The Bidder would provide all the information as per Clause 11.3 below. Chief Engineer (PHE), Water would evaluate only those Proposals that are received in the required format and are complete in all respects.

11.2 Pre Qualification Document:

- a) Registration certificate of the Bidder under Companies act/ Partnership Act/ Proprietorship etc
- b) Govt registration certificate under respective departments of Govt. of Assam.
- c) PAN Card of the Bidder.
- d) Copy of the GST registration Certificate
- e) The bidder must have 5 years of experience of Civil engineering construction works related to public utility preferably water supply works. Proof in the form of Work Orders/Completion certificates is to be submitted.
- f) The applicant must submit a CA certified certificate mentioning their annual turnover over the last three preceding years (i.e. 2016-17, 2017-18, 2018-19).

g) A declaration as mentioned in para 8.2.

11.3 Key Submissions:

- a. Covering letter in the format set out in Form Tech 1,
- b. Details of the Bidder in the format set out in Form Tech 2,
- c. Bidder's Experience in relevant works in the format set out in Form Tech 3
- d. Turnover Details as set out in Form Tech 4
- e. Various Technical personnel under its establishment Tech 5
- f. List of movable and immovable assets, dealership of construction materials, possession of quarries etc., if any.
- g. Notary attested List of Tools & plants.
- h. Self Declaration from the bidder mentioning the name of District/Districts of Assam where he intends to work.**

11.3.1 And any other materials required to be completed and submitted by the Bidders is in accordance with these instructions.

All the documents as mentioned in Clause No. 11 must be properly filled up and self attested alongwith the Original hard copy of the Bid Security should be submitted in hard form to the Office of the Chief Engineer (PHE) Water Assam. There is no bid submission end date since the EOI process is kept open ended. Any bids as and when received will be accepted.

12. PROPOSAL VALIDITY

12.1 The Proposal shall remain valid for a period not less than 120 days from the EOI Due Date (Proposal Validity Period). Chief Engineer (PHE), Water, Assam reserves the right to reject any Bid, which does not meet this requirement.

12.2 In exceptional circumstances, prior to expiry of the original time limit, Chief Engineer (PHE), Water, Assam may request that the Bidder may extend the period of validity for a specified additional period. The request and the Bidder's responses shall be made in writing. A Bidder may refuse the request without forfeiting his earnest money deposit. A Bidder agreeing to the request will not be required or permitted to modify his Bids, but will be required to extend the validity of his earnest money deposit for a period of the extension.

13. SUBMISSION OF EOIs

13.1 The original proposal, both pre qualification and Technical Proposals shall contain no interlineations or overwriting, except as necessary to correct errors made by the Bidder themselves. The person who signed the proposal must initial such corrections.

13.2 An authorized representative of the Bidder shall initial all pages of the Pre Qualification and Technical Proposals.

13.3 The Technical Proposal shall be placed in a sealed envelope marked "PRE QUALIFICATION DOCUMENTS" followed by the name of the Title of the EOI. The envelopes containing the Pre Qualification Documents, Technical Proposals, shall be placed into an outer envelope and sealed. This outer envelope shall bear the submission address, reference number be clearly marked "DO NOT OPEN, BEFORE (date).....". The Employer shall not be responsible for misplacement, losing or premature opening if the outer envelope is not sealed and/or marked as stipulated. This circumstance may be case for Proposal rejection.

13.4 The Proposals must be sent to the address/addresses indicated in the EOI and received by the Employer.

14. MODIFICATION OF EOI

14.1 Once the Bid is submitted the bidders may modify any parts of the EOI as allowed through authorized communication only.

15. EOI OPENING AND EVALUATION

15.1 Chief Engineer (PHE), Water, Assam shall open the of EOI document those Bids that are found to be responsive as provided in Clause 8 and undertake evaluation of the EOI document to determine the qualified Bidders.

16. PROCESS TO BE CONFIDENTIAL

16.1 Information relating to the examination, clarification, evaluation, and comparison of EOIs and recommendations for the award of a contract shall not be disclosed to Bidders or any other persons not officially concerned with such process until the award to the successful Bidder has been announced. Any effort by a Bidder to influence the Chief Engineer (PHE), Water, Assam's processing of EOIs or award decisions may result in the rejection of his/her Bid.

17. CLARIFICATIONS

17.1 Chief Engineer (PHE), Water, Assam will open the EOI document of all the Bidders received in the presence of the Bidders or their representatives who choose to attend on the date and place specified in the Schedule of Bidding process.

17.2 Chief Engineer (PHE), Water, Assam reserves the right to reject any Bid which does not contain the information/documents as set out in this EOI document.

17.3 To facilitate evaluation of Bids, Chief Engineer (PHE), Water, Assam may, at its sole discretion, seek clarifications in writing from any Bidder.

18. EVALUATION OF PROPOSAL AND EMPANELMENT PROCESS

18.1 The criteria for eligibility & qualification of Bidders are set out in Clause 8.

18.2 As part of the evaluation, the applications shall be checked for responsiveness with the requirements of the EOI document and only those applications which are found to be responsive would be further evaluated in accordance with the criteria set out in this EOI document.

18.3 The Bid would be considered to be responsive if it meets the following conditions:

- a. It contains all the information and documents as requested in the EOI document.
- b. It contains information in formats specified in this EOI document.
- c. It mentions the validity period as set out in Clause 12
- d. It provides information in reasonable detail. ("Reasonable Detail" means that, but for minor deviations, the information can be reviewed and evaluated by Chief Engineer (PHE), Water, Assam without communication with the Bidder). Chief Engineer (PHE), Water, Assam reserves the right to determine whether the information has been provided in reasonable detail.
- e. There are no inconsistencies between the Bid and the supporting documents
- f. A Bid that is substantially responsive is one that conforms to the preceding requirements without material deviation or reservation. A material deviation or reservation is one
 - i) which affects in any substantial way, the scope, quality, or performance of the Service contract, or

- ii) which limits in any substantial way, inconsistent with the EOI Document, Chief Engineer (PHE), Water, Assam 's rights or the Bidder's obligations under the Agreement, or
- iii) Which would affect unfairly the competitive position of other Bidders presenting substantially responsive Proposals

18.4 The Technical Bids will be evaluated on the basis of the documents submitted as stated above. However in this case the decision of the Bid Evaluation Committee will be binding and final.

18.5 Correction of errors

18.6.1 Chief Engineer (Water), PHE will notify the Successful Bidder/Bidders through a Letter of Empanelment (LoE) that its empanelment request has been accepted.

18.6.2 If the empanelment is granted, they will be eligible to participate in the tenders for different works as per details mentioned in the earlier clauses as per their Bid capacity.

18.6.3 Notwithstanding anything contained in this EOI document, Chief Engineer (Water), PHE reserves the right to accept or reject any Bid, or to annul the bidding process or reject all Bids, at any time without any liability or any obligation for such rejection or annulment, without assigning any reasons thereof.

1. BACKGROUND

The Central Government assistance to States for rural water supply began in 1972 with the launch of Accelerated Rural Water Supply Programme. It was renamed as National Rural Drinking Water Programme (NRDWP) in 2009, which is a centrally sponsored scheme with fund sharing between the Centre and the States. Under NRDWP, one of the objectives was to “enable all households to have access to and use safe & adequate drinking water within premises to the extent possible”. It was proposed to achieve the goal by 2030, coinciding with the United Nation’s Sustainable Development Goals. But now, it is has been planned to achieve the goal by 2024 through Jal Jeevan Mission (JJM). At present, only 18.33% of rural households i.e., 3.27 Crore out of the total 17.87 Crore rural households in the country, have piped water connection.

Government of India has restructured and subsumed the ongoing National Rural Drinking Water Programme(NRDWP) into Jal Jeevan Mission (JJM) to provide Functional Household Tap Connection (FHTC) to every rural household i.e., Har Ghar Jal by 2024.

2. RURAL WATER SUPPLY SCENARIO IN ASSAM

The PHED in Assam has been implementing National Rural Drinking Water Programme since 2009 with major emphasis on ensuring sustainability of water availability in terms of potability, adequacy, convenience, affordability and equity, on a sustainable basis, while also adopting decentralized approach involving PRIs and community organizations. Assam PHED has also been implementing World Bank funded Rural Water Supply & Sanitation Project (RWSSP) which is planned to cover around 123000 rural household in the state through metered household connection and water will be supplied 24X7 @70 LPCD.

No. of Dist.	No. of Blocks	No. of GP/ MAC/VCDC	No. of Villages	No. of Habs	No. of rural Pop.	No. of rural Household
33	244	2693	25503	88076	296.25	57.92 Lac

Out of 88,076 no of habitations in the state 63% of the habitations are fully covered with water supply service with minimum 40 LPCD and above. 19% habitations are Fully Covered by 55 LPCD and above. 53% of the rural population are covered by spot sources followed by 32% of the population are fully covered by piped water schemes and around 14% partially covered by piped water supply scheme. At present there are 5951 no of functional piped water schemes in the state followed by around 1, 99,000 number of spot sources. In Assam only 2% of the rural households are connected with taped water connection which is one of the lowest compared to all India scenarios.

4. ABOUT JAL JEEVAN MISSION

Jal Jeevan Mission aims to provide Functional House Connection to every rural household with a minimum water supply service standard of 55 LPCD. The broad objectives of the Mission are

- ix. to provide FHTC to every rural household;
- x. to prioritize provision of FHTCs in quality affected areas, villages in drought prone and desert areas, Sansad Adarsh Gram Yojana (SAGY) villages, etc.;

- xi. to provide functional tap connection to Schools, Anganwadi centres, GP buildings, Health centres, wellness centres and community buildings;
- xii. to monitor functionality of tap connections;
- xiii. to promote and ensure voluntary ownership among local community by way of contribution in cash, kind and/ or labour and voluntary labour (shramdaan);
- xiv. to assist in ensuring sustainability of water supply system, i.e. water source, water supply infrastructure, and funds for regular O&M;
- xv. to empower and develop human resource in the sector such that the demands of construction, plumbing, electrical, water quality management, water treatment, catchment protection, O&M, etc. are taken care of in short and long term; and
- xvi. to bring awareness on various aspects and significance of safe drinking water and involvement of stakeholders in manner that make water everyone's business.

4.1 The following categories of schemes can be taken up under Jal Jeevan Mission

- i. Retrofitting of ongoing schemes taken up under erstwhile NRDWP for the last mile connectivity;
- ii. Retrofitting of completed rural water supply schemes to make it JJM compliant;
- iii. Single Village Scheme (SVS) in villages having adequate groundwater/ spring water/ local or surface water source of prescribed quality;
- iv. Single Village Scheme (SVS) in villages having adequate groundwater that needs treatment;
- v. Multi Village Scheme (MVS) with water grids/ regional water supply scheme; and
- vi. Mini solar power-based piped water supply in isolated/ tribal hamlets.

5. OBJECTIVE OF THE ASSIGNMENT

The objective of this assignment is to carry various construction works of Piped Water Supply Schemes in various districts of Assam under Jal Jeevan Mission to provide drinking water to the inhabitants through functional household tap connections. After the empanelment process is completed, the contractors will be empanelled for carrying out different construction works of Piped Water Supply Schemes on the basis of their offered rates through bidding process and their contract agreements signed against their respective District offices.

6. SCOPE OF WORK

- The empanelled contractor shall have to carry out various construction works of Piped Water Supply Schemes to provide drinking water to the users through Functional Household Tap connections as per work allotted from time to time either from the respective District offices or SWSM.
- The empanelled contractors shall have to execute contract agreements in their respective District offices of the Department, however, such empanelment does not guarantee any minimum quantity of work allotment.
- The empanelled contractors shall have to carry out their works strictly in compliance to the approved DPRs in consultation with the Divisional authority only.

- The empanelled contractors must have to complete the assignment within the stipulated time period as fixed by the Department.
- The contractors should maintain proper coordination with the Implementation Support Agencies of the respective Districts.
- All such construction works will be thoroughly verified/ investigated by the Third Party Investigation Agencies so as to maintain the quality of works in all respect.
- The decision of the DWSM / SWSM shall be binding for works executed by the contractors. Any abberation will result in forfeiture of Performance Gaurantee.

7. Labour laws and Regulations

The contractor shall be responsible for strict compliance of and shall ensure strict compliance by its servants and agents of all labour and other laws, rules and regulations having the force of law affecting the relationship of employer and employees between the contractor and their respective employees.

The contractor shall obtain authority(ies) designated in this behalf under any applicable labour rule or regulation including but not limited to the Factories Act and Labour (Abolition and Regulation) Act (in so far as applicable), any and all such license(s), consent(s), registration(s) and/or other authorisation(s) as shall from time to time or become necessary for or relative to the execution of the work or any part or portion thereof or the storage & supply of any material(s) or otherwise in connection with the performance of the contract, and shall at all time observe and ensure due observance by his/her/their servants/agents of all terms and conditions of the said license(s), consent(s), registration(s) and laws , rules and regulations applicable thereto.

The contractor shall ensure that wages are paid by himself to his workmen directly without the intervention of any middle men (Jamadars or Thekedars or labour Charders/ operators) and that no amount by way of commission or otherwise is deducted or recovered by the middle men from the wages of the workmen.

The Chief Engineer (PHE), Water, Assam / Addl. Chief Engineer (PHE) of the concerned Zone / Superintending Engineer (PHE) of the concerned Circle / Engineer – in – Charge and / or his / their authorized representative shall be at any time be entitled to carry out any check(s) or inspection(s) of the contractor's facilities, records and accounts to ensure that the provisions of the labour laws and regulations are being observed by the contractor and that the workmen are not denied the rights and benefits to which they are entitled under such provisions. Any violation shall, without prejudice to any other rights or remedies available to the owner, constitute a ground for termination of the contract as though specifically set forth under associated clauses.

The contractor shall indemnify and keep indemnified the owner from and against all actions, claims, demands and liabilities whatsoever under and in respect of the breach of any workmen/ employee of the contractor, including but not limited to claims against the owner under the Workmen's Compensation Act; the Employees Provident Fund Act; and/or the Contract Labour (Abolition and Regulation) Act.

Owner reserves the right to deduct any amount that becomes payable by the contractor in respect of the labour being employed by him for executing the work awarded, under any act or rules framed thereafter and in force from time to time. The same shall be recovered from his bills payable to the contractor as debt recoverable.

8. Indemnity and Insurance

The contractor shall at all times indemnified the owner and its employees from and against all third party claims whatsoever (including but not limited to property, loss, damages, personal accident, injury or death of / to property or person of the contractor and/or the owner) and the contractor shall at his own cost and initiative at all times upto the successful conclusion of the defect liability period specified hereof take out and maintain insurance policies in respect of all insurable liabilities under this clause, including but not limited to third party insurance and liabilities under the Motor Vehicle Act, Workmen's Compensation Act, Fatal Accident Act, Personal Injuries Insurance Act, Emergency Risk Insurance Act, and/or other Industrial Legislation from time to time in force in India with insurance company(ies) affiliated to general Insurance, and such policy(ies) shall be of not lesser limit than the limits hereunder specified with reference to the matters hereunder specified namely :

- a) Workmen's Compensation Insurance – to the limit which compensation may be payable under the laws of the Republic of India.
- b) Third Party insurance – body injury and property damage to the limit which compensation may be payable under the laws, in each accident at the work site.

Provided that the limits specified above shall operate only as a specification of minimum limits for insurance purposes, but shall not anyway limit the contractor's liability in terms of this clause to the limit(s) specified.

9. Safety Regulations, Accident and damage

The contractor shall be responsible at his own cost in and relative to performance of the work and contract to observe and to ensure observance by his/ their servants/ agents of the provisions of the safety codes as hereinafter appearing and all fire, safety and security regulations as may be prescribed by the owner from time to time and such other precautions and measures as shall be necessary and shall employ/deploy all equipment necessary to protect all works, materials,

Properties, structures, equipment, installations, communications and facilities whatsoever (including but not limited to fire and explosion) and shall during construction and other operations minimise the disturbance, and inconvenience to the owner, other contractors, the public and the adjoining land and property owners and occupiers, and crops, trees, vegetations, and shall indemnified the owner from and against all losses and damages and costs, charges and expenses and penalties, actions, claims, demands, and proceeding whatsoever suffered or incurred by or against the owner as the case may be by virtue of any loss, alterations, displacement, disturbance or destruction or accident to any works, materials, properties, structures, equipment, installations, communications and facilities and land & property, owner and occupiers, and crops, trees, vegetations etc. as aforesaid with the intent that the contractor shall be responsible for any loss, damage, alterations, displacement, disturbance or destruction as aforesaid resultant directly or indirectly from any breach by the contractor of his obligations aforesaid or upon any operation, act or omission of the contractor or his servants/agents.

The contractor's liabilities under the contract shall remain unimpaired notwithstanding the existence of any storage-cum-erection or other insurance covering any risk, damage, loss or liability for which the contractor is liable to the owner in terms of the foregoing or in respect of which the contractor has indemnified the owner, with the intent

that notwithstanding the existence of such insurance, the contractor shall be and remain fully liable for all liabilities and obligations under the contract and indemnifies the owner, and the owner shall not be obliged to seek recourse under such policy(ies) in preference to recourse against the contractor or otherwise to exhaust any other remedy in preference to the remedies available to it under the contracts.

10. Water and Electricity

The contractor shall arrange adequate supply of water and electrical power that may require for or in connection with execution of the work. However, if the Bid Inviting Authority is in position to give such facilities to the contractor, the contractor may ask for the same in usual terms and conditions of the Department.

11. Inspection of site

The Bidder shall be deemed to have inspected and examined the site of work and its surroundings and information available in connection therewith and to have satisfied himself, so far as practicable, before submitting his Bid, so to the form and nature thereof, including the sub-surface conditions, the extent and nature of works and materials required for completion of the work, the means of access to the work site and the accommodation he may require, and, in general shall be deemed to have obtains all necessary information, subject as above mentioned as to risks, contingencies and other circumstances which may influence or affect his Bid.

12. Contractor's employees

In addition to Skilled, Semi-Skilled and Unskilled labour required and employed for smooth execution of the project, one Project-in-charge (Technical Staff) having Degree in Engineering (of appropriate branch) shall be deployed at the site by the contractor for supervision of the work .

- (a) The technical staff should be available at site for the full time for supervising the technical aspects of the works and to receive instructions from the Engineer-in-charge in this respect whenever required by the Engineer-in-charge.
- (b) In case the contractor fails to employ the technical staff as aforesaid, the Chief Engineer (PHE), Water, Assam and/or his authorised subordinates will have the right to take suitable remedial measures.
- (c) The contractor is to declare the name and other details/ particulars of the technical staff (as aforesaid) whom he intends to employ or who is under employment on the work at the time he commences the work.
- (d) The contractor is to furnish a certificate to the effect that the technical staff (as aforesaid) is exclusively in his employment.

13. Report of accidents

The contractor shall within 24 (twenty four) hours of the occurrence of any accident at or about the site or in connection with the execution of the work, report in details, such an accident to the Engineer-in-charge. The contractor shall also report such accident to the competent Govt. authority whenever law requires such a report. Any compensation payable to any one or any damages to any structures arising out of such accident shall have to be covered by the concerned clause of Conditions and Requirement for Bidding.

14. Issue of material

The Chief Engineer (PHE), Water, Assam will not issue any materials required directly or indirectly for execution of the work and the contractor is to arrange all such materials at his own cost and risks. However, the Chief Engineer (PHE), Water, Assam may assist the contractor for procurement of the aforesaid construction materials by authorizing the contractor to that extent, but no any claim on account of delay or other difficulties on procuring such materials by the contractor shall be entertained.

The contractor is to provide everything of every sort and kind which may be necessary and requisite for the due and proper execution of the several works included in the contract according to the true intent and meaning of the approved drawings and specifications taken together whether the same may or may not be particularly described in the specifications or shown on the drawings provided that the same are reasonably and obviously to be inferred there-from and in case of any discrepancy between the approved drawings and specification, the Engineer-in-charge, is to decide which shall be followed.

The contractor is to set out the whole of the works in conjunction with the Chief Engineer (PHE), Water, Assam or an officer to be deputed by the Chief Engineer (PHE), Water, Assam and during the progress of the work to amend on requisition of the Chief Engineer (PHE), Water, Assam, any error which may arise therein and provide all the necessary and requisites for the work, and all materials & workmanship are to be the best of their respective kinds. The contractor is to provide all plants, labours, and materials, which may be necessary and requisite for the works. The contractor is to leave the work in all respect clean and perfect at the completion thereof.

15. Recovery of sums

All compensation or other sums payable by the contractor to the Chief Engineer (PHE), Water, Assam or any of his subordinate offices under the terms & conditions of this contract will be deducted from the sum being held as security deposit and/or from any sum due to the contractor.

16. Loss or damage of works or materials

All work and materials brought and left upon the work site by the contractor for the purpose of forming part of the works are to be considered to be the property of the Chief Engineer (PHE), Water, Assam and the same are not to be removed or taken away by the contractor or any other person without the special license and consent in writing of the Chief Engineer (PHE), Water, Assam or of the Engineer-in-charge. But the Chief Engineer (PHE), Water, Assam or the Addl. Chief Engineer (PHE) of the concerned Zone and / or the Superintending Engineer (PHE) of the concerned Circle and / or the Engineer – in – Charge or his authorized representative is not to be in any way responsible and answerable for any loss or damage which may happen to or in respect of any such work or materials either by the same being lost or stolen or injured by weather or otherwise.

17. Rejection of unspecified materials

The Engineer-in-charge shall have full power to reject unspecified materials if any, brought to the site for use in the work. Further, the Engineer-in-charge have full power to require the removal from the premises of all materials which, in his opinion, are not in accordance with the specification and in case of default the Engineer-in-charge is to be at full liberty to employ other persons to remove the same without being answerable or accountable for any loss or damage that may happen or arise to such materials. Engineer-in-charge is also have full power to require other proper materials to be substituted and in case of default the Engineer-in-charge may cause the same to be supplied and all costs, which may attend such removal and substitution, are to be borne by the contractor

18. Liability for replacing bad works

If in the opinion of the Engineer-in-charge, any of the work have been executed with improper materials or defective workmanship the contractor is when required by the Engineer-in-charge forthwith to be executed the same and to substitute proper materials and workmanship and in case of default of the contractor in so doing within a week the Engineer-in-charge is to have full power to employ other persons to re-execute the work and the cost thereof shall be borne by the contractor.

19. Idle Time Charges

The work is of very urgent need and a time & cost bound project. No idle time charge shall be paid to the contractor under any circumstances. For any delay in completion of the work resulted from reasons not attributable to the contractor proportionate time extension for a particular component of the project shall only be allowed without entertaining any extra claim thereof. Therefore, Bidder are to quote their rates accordingly, keeping in mind the above factors.

20. Decision in case of dispute etc.

Provided always that in case any question, dispute or difference shall arise between the Engineer-in-charge and the contractor as to what addition, if any, or unfairness to be made to the amount of the contract by reason of the works being delayed through no fault of the contractor, or by reasons of on account of any directions or requisitions of the Engineer-in-charge involving increased cost to the contractor beyond the cost properly attending in carrying out of the contract according to the true intent and meaning of the signed drawings and specifications or as to the works having been duly completed, or as to the construction of these presents or as to the work or as to any other matter or thing arising under or out of his contract except as to matter left during the progress of the works to the sole decision or requisition of the Engineer-in-charge under relevant clauses in case the contractor shall be dissatisfied with any certificate of the Engineer-in-charge shall withheld or not give any certificate, to which the contractor may be entitled, then such question, dispute or difference or such certificate of the value or mater which should be certified as the case may be is to be from time to time referred to the Superintending Engineer whose decision shall be final, conclusive and binding on the contractor.

21. Injuries or damages caused by Fire or other causes

From the commencement of the work to the completion of the same they are to be under the contractor's charge. The contractor is to be hold responsible for injuries to persons or for and to make good all injuries, damages and repairs, occasioned or rendered necessary to the same by fire or other cause and he will be held responsible for injuries to persons or for structural damages to property happening from any neglect, default, want of proper care, or misconduct on the part of the contractor or of any one in employment of the contractor during the execution of the work.

22. Fire fighting arrangement

The contractor shall provide suitable arrangement for fire fighting. For this purpose he shall provide requisite number of fire extinguishers of appropriate type for the work as may be decided by the Engineer-in-charge, an adequate number of buckets, some of which are to be always filled with sand and others with water, these equipment shall be provided at suitable prominent and easily accessible places within the work site and shall be properly maintained.

23. Non provision of lights, fencing and other safeguards

The contractor shall provide at his own cost all necessary barriers, fencing, lights, or other safeguards required to protect the public from accident and shall be bound to bear the expenses of every suit, action, or other proceedings at law which may be brought by any person for injury sustained owing to negligence of the above prosecutions and to pay any damage and cost which may be awarded in any such suit, action or proceedings to any such person which may with the consent of the contractor be paid to compromise any such claim.

24. Liability to complete specified portion of work by the appointed date

If any time during the progresses of the work the Engineer-in-charge shall be of opinion that the contractor is not prosecuting the work with reasonable diligence, it shall be lawful for him to notice in writing, to call upon the contractor to complete a specified portion or portions of the work by a date to be appointed in the notice, and in the case of default on the part of the contractor to complete such portion or portions by the appointed day to the satisfaction of the Engineer-in-charge, the provision of exclusion, it shall apply in the same manner as if it were a default in respect of the work.

25. Force-de-Majeure Clause

The contract is subject to Force-de-Majeure clause as applicable under the Law.

26. ARBITRATION

Subject to the provisions of this Bid document, any dispute or difference between the parties hereto arising out of any notified claim of the contractor included in his final bill in accordance with the provisions of these document and/or arising out of any amount claimed by the owner (whether or not the amount claimed by the owner or any part thereof shall have been deducted from the final bill of the contractor or any amount paid by the owner to the contractor in respect of the work) shall be referred to arbitration by a sole arbitrator selected by the contractor from the a panel of 3 (three) persons nominated by the Chief Engineer (PHE), Water, Assam.

The provisions of the Indian Arbitration and Conciliation Act, 1996, and all statutory re-enactments and modifications thereof and the rules made there under shall apply to all such arbitration subject further to the following conditions:

- a) The arbitrator shall give his award separately in respect of his claim.
- b) In so far as any dispute or difference referred to the arbitration shall relate to or involves any matter or thing in respect of which the decision, opinion, or determination (howsoever expressed) of the owner or the Chief Engineer (PHE), Water, Assam or the Additional Chief Engineer or the Superintending Engineer or the Engineer-in-charge has been expressed to be final in terms of the contract, such decision, opinion, and/or determination as the case may be, shall be binding upon the arbitrator.

The contractor and the owner may by mutual agreement from time to time enlarge the time within which the arbitrator shall make and publish his award, and the time for making and publishing the award shall accordingly stand enlarged.

No award shall be challenged, nor shall the contractor refuse to make an appointment within the provisions of aforesaid clauses hereof on the ground that any person nominated by the Chief Engineer (PHE), Water, Assam or appointed by the contractor pursuant to the provisions of the said clause, is an employee of the owner or otherwise howsoever connected with the owner.

Notwithstanding the existence of any arbitration in terms hereof or otherwise the contractor shall continue and be bound to continue and perform the works to completion in all respects to the contract (unless the contractor works be determined by the owner), and the contractor shall remain liable and bound in all respects under the contract.

27. GENERAL SPECIFICATION FOR WORKS

All materials and works are to be in conformity with the specification of the Assam P.W.D., specification of the Assam P.H.E.D. and the specifications prescribed in the Indian Standard Codes (I.S. Code) published by the BIS (Bureau of Indian Standard) with current amendments and latest at the time of execution, and the norms & specifications prescribed in the Manual on Water Supply & Treatment published by the Central Public Health & Environmental Engineering Organisation, Govt. of India.

For all the above Codes and specifications the latest and current amendments and/or revisions are only to be followed.

For interpretation of the BIS codes and specifications, decision of the Chief Engineer (PHE), Water, Assam and / or his authorised subordinate(s) shall be final and binding. If for any item of works that may require to be executed the IS code does not exist, then the particular item will have to be executed as per the available standard engineering practices and as directed by the Engineer-in-charge.

28. Relationship

Without the prior written permission of the Chief Engineer (PHE), Water, Assam no Bidder(s) shall be permitted to submit Bid for works if his/ her / their near relative is posted in the Office of the Chief Engineer (PHE), Water, Assam as Accountant or as an Officer in any capacity. He shall intimate the names of persons who are working with him

in any capacity or are subsequently employed by him / her / them and who are relatives of any Officer/ Accountant of the office of the Chief Engineer (PHE), Water, Assam.

29. Detailed scrutiny of Bids and evaluation criteria

Bids which have been considered valid on the result of general examination at the time of opening shall be subject to subsequent detailed scrutiny. Notwithstanding the general examination carried out earlier, the Bid receiving authority reserves the right of rejection of any Bid which may be found to be defective during this detailed scrutiny. The Chief Engineer (PHE), Water, Assam reserves the right to waive any informality in any Bid and to reject one or all Bids without assigning any reasons for such rejection.

For the purpose of comparative evaluation of Bid the Department shall consider such factors as the Documents, Forms and necessary testimonials to be submitted by the bidders along with the Technical Bid.

30. Award of Contract

The contract will be awarded to the best-qualified and responsive Bidder as may be judged acceptable by the Chief Engineer (PHE), Water, Assam and/or his authorised subordinates with the specifications subject to the provisions of clauses above.

A responsive Bidder is one who accepts all the terms and conditions of the Bid documents without any major modifications. A major modification is one which affects in any way the price, quality, quantity, or completion period of the work or which limits in any way any responsibilities or liabilities of the Bidder or any rights of the Chief Engineer (PHE), Water, Assam, as specified in the Bid document. The Chief Engineer (PHE), Water, Assam may waive any informality in a Bid, which does not constitute major modifications.

Notification of award will be made in writing to the successful Bidder. The successful Bidder then becomes the contractor. The person holding the 'Power of Attorney' on behalf of the contractor will be required to enter into an agreement with the Chief Engineer (PHE), Water, Assam. The Bid documents along with the notice of award of contract shall form part of the contract agreement. The contractor thus awarded with the contract will be responsible for proper execution and due performance of work.

31. DURATION OF THE CONTRACT

The consultant will be initially empanelled for 3 year subject to extension based on satisfactory performance and requirement of the Mission.

Sample Format of Bank Guarantee

FORM OF BID SECURITY (BANK GUARANTEE)

WHEREAS,(name of Bidder including names of all Joint Venture Participants) (hereinafter called "the Bidder") has submitted its Bid (hereinafter called the "Bid") dated (date) for the performance of (name of Contract).

KNOW ALL PEOPLE by these presents that We (Name of Bank) of

..... (name of country) having our registered office at (herein after called "the Bank") are bound unto (herein after called "the Owner") in the sum offor which payment well and truly to be made to the said Owner, the Bank binds itself, its successors, and assigns by these presents.
